CSA MEMBERS

WHO WE ARE

The Chamber of Shipping of America (CSA) represents U.S. based companies that own, operate or charter oceangoing tank, container, or dry bulk vessels engaged in the domestic and/or international trades. Current members include companies that own, operate or charter U.S. flag or non-US flag vessels.

CSA is active in representing its members before the U.S. Congress and administrative agencies such as the Coast Guard, Environmental Protection Agency and Customs and Border Protection Service. CSA sits on the International Chamber of Shipping delegation to the International Maritime Organization in London. CSA is also the U.S. ship owner representative to the International Labor Organization.

Two categories of membership in CSA are available. Full membership is open to any company that has substantial presence in the U.S. and owns, operates or charters vessels. Associate membership is open to companies who are not qualified for full membership yet have an interest in one or more of the issues addressed by the organization on behalf of our full members.

Membership inquiries are welcome by contacting Kathy Metcalf via telephone at 202-775-4399 or via email at kmetcalf@csashipping.org

VISION

Our vision is to be recognized as a primary organization representing owners, operators, and charterers of U.S. and foreign flag vessels, before U.S. and international entities.

MISSION

Our mission is to represent members' interests regarding U.S. and International legislative, regulatory and administrative entities.

STRATEGY

Our strategy primarily uses education, engagement, collaboration, and alignment. We act as a professional organization to engage with other industry associations.
